

# Ember CLI kickstarted Angular CLI

The banner features a red background. On the left, a dark terminal window with a light gray title bar and three colored window control buttons (red, yellow, green) displays four commands: `> npm install -g @angular/cli`, `> ng new my-dream-app`, `> cd my-dream-app`, and `> ng serve`. To the right of the terminal, the text 'Angular CLI' is written in a large, white, sans-serif font. Below it, the phrase 'A command line interface for Angular' is written in a smaller, white, sans-serif font. At the bottom right, there is a white rectangular button with the text 'GET STARTED' in a red, sans-serif font.
